### "A sensual Journey"

This is a sensual lecture, where I talk about, how my many different creative paths meet in one expression. I interpret paintings and pictures through recitation and singing with my healing, bright soprano or music.

There will be an opportunity to ask detailed questions

The event lasts approx. 2 hours Price DKK 2,500

My goal with the art is to create poetry with sound and colors in music and picture, which penetrate in and heals the deepest layers in the soul and appeals to the use of all senses.
